

**GULF DRILLING
AZERBAIJAN**

About our Company

- Gulf Drilling Supply FZE established its branch in Azerbaijan in the year 2007. Since then GDS successfully completed in various oil fields and presently continuing to do so.
- 555 local and foreign highly qualified staff

Companies Development Strategy

Mission – To continue our role in the modern oil industry

Our goal – To be an International company in the field of providing integrated Drilling and Well services

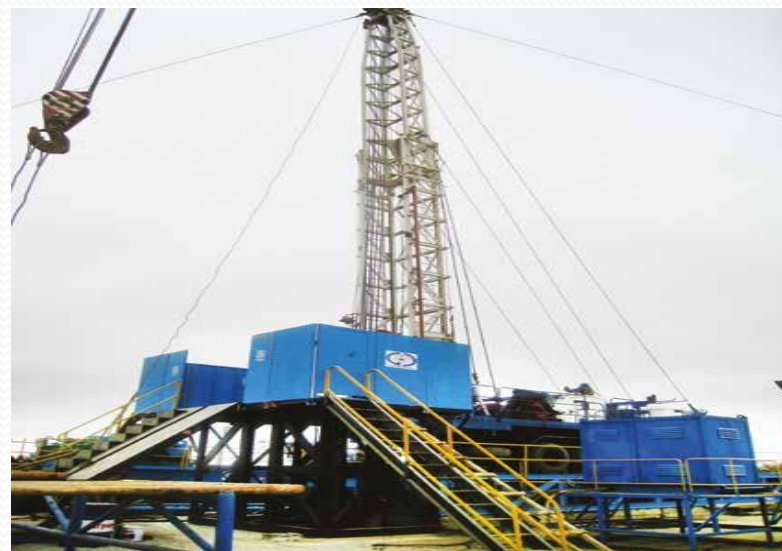

Company activities

Drilling services

- ✓ Oil and Gas wells
- ✓ Water wells
- ✓ Thermal wells

Other services

- ✓ Completion and testing
- ✓ Dismantling and installation of drilling rigs
- ✓ Qazma məhlulu təminatı
- ✓ Kəmərlərin buraxılması və sementlənməsi
- ✓ Köhnə quyuların 2ci lülə ilə bərpası
- ✓ Mühəndis dəstəyi (Qazma, tamamlama, sınaq və.s)
- ✓ Test və ekspertizaların aparılması

AZERBAIJAN

Drilling and Workover Rigs

Drilling Rig	PM 180	ZJ 30	ZJ 20	APR 100	AK60
Drilling dept(m/ ft)	1500 / 4920	3000/ 9840	2000 / 6560	2000 / 6500	1200 / 3940
Workover depth (m /ft)	2500 / 8200	5500/ 18040	4500/ 14760	4000 / 13000	2000 / 6560
Max. hook load, kN / lbf	800 / 179800	1700/ 382200	1350/ 303500	980 / 220000	600 / 134900
Engine power KW / HP	243 / 330	2 x 550/ 2 x 747	450/ 610	294 / 400	243 / 330
Rotary Table opening size, (inch/mm)	14 1/8" (360)	27 1/2" (699)	20 1/2" (520.7)	15 3/4" (400)	14 1/8" (360)
Mast Height, (m/ft)	22,5 / 73,8	38 / 124.7	36 / 114.8	24 / 78	20 / 65,6

AZERBAIJAN

Completed projects (2008-2020)

- ❑ 274 vertical and deviated oil and gas wells (total 356341 m)
- ❑ 51 workover operations
- ❑ 87 Production enhancement operations(EOR)
- ❑ 38 water wells(6060 m) (Oguz-Qabala –Baku water pipeline project
(drilling ,completion,well development, testing and pump installation etc.)
- ❑ 100 sidetracking operations

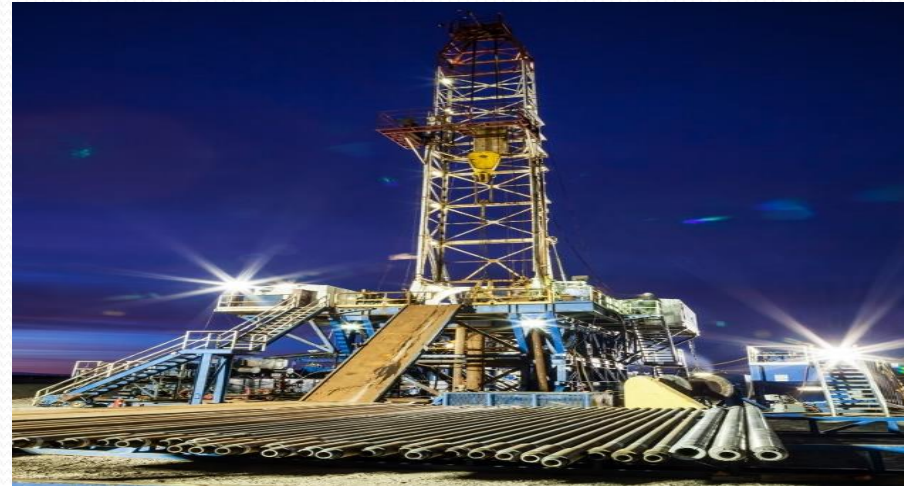

Talibani,Georgia
Frontera,USA

Successful projects

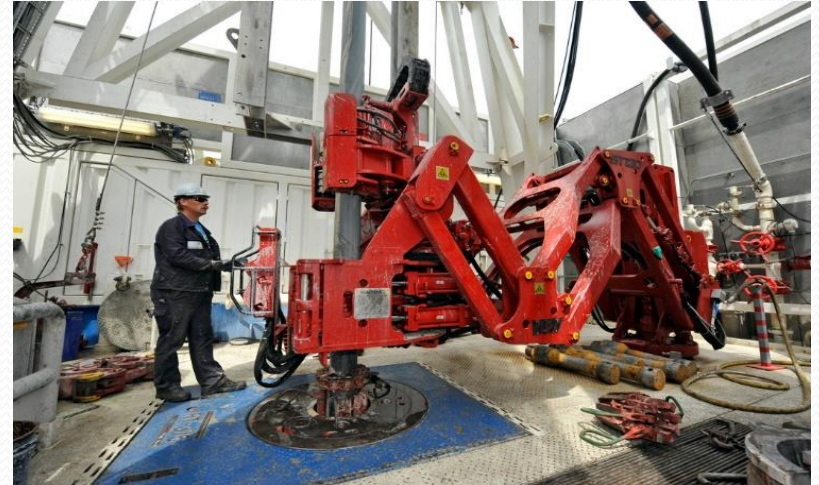

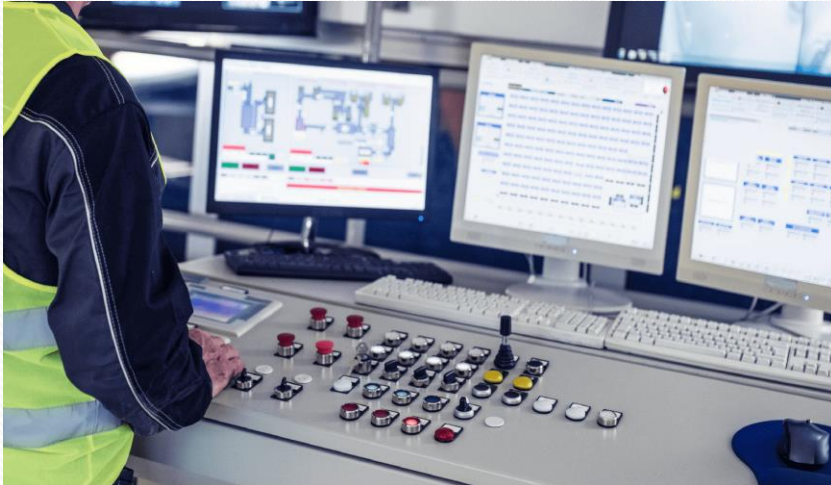

- *Drilling, completion and research of 38 wells in the Oguz-Gabala-Baku State water line project*
- *Drilling, completion and exploration of a well in the Kalmaz Gas Storage field.*
- *2 deepening and exploration works in Taliban field, drilling of 1 well with side pipe (Georgia Frontera)*
- *Release of ready-made sand filters in Buzovna and Western Absheron fields*

Advantages

- *Drilling wells in complex conditions with the application of innovative technologies*
- *Use of modern equipment and technology*

Customers

Schlumberger

Future Plans

- *Drilling of multi-branch and thermal wells*
- *Expand design, exploration and expertise*
- *Purchase of 350-500 ton drilling rigs*
- *To expand our activities abroad*

Membership in international organizations

- 1. International Association of Drilling Contractors(IADC)*
- 2. International Well Control Forum*
- 3. International Organization for Standardization*
- 4. Society of Petroleum Engineers*
